

Dear Superior Dental Health team,
Thank you so much for your recent donation to the CAC and for considering us as a recipient of your generosity! From the 17 yr old boy who finally escaped his abusive father, to the sex-trafficking victim who was recovered during a late night operation, to the young girl who is now safe from her abuser and living with a loving foster family, these children and so many others are safe because of you. Your gift will ensure that when the next child is ready to speak their truth, we can be there to listen and get them the help they need. We are grateful to your commitment to protecting kids.
THANK YOU!!

Sincerely
Destiny Burkett
